

MLH 25 EFI

### MLH 25 EFI 4 stroke

The Mercury MLH 25 EFI outboard is a new lightweight outboard, perfect for the use of rescue boat propulsion. It carries a SOLAS MED approval when fitted with our in-house designed stainless steel propeller guard (not shown on picture).

Thanks to an excellent combination of aluminum alloy, painting system and anode protection this engine can withstand the tough maritime environment. A 25 liter fuel tank and a fuel hose is included.

**SPECIFICATIONS - 25**

Specification	Mercury
Fuel Induction	EFI <i>NEW</i>
Horsepower	25 and 30
WOT RPM	5400-5800 / 5800-6200
Engine Type	I-3
Displacement	30.5cu in (500cc)
Induction	6-Valve, SOHC
Starting	Manual or Electric
Gear Ratio	2.17:1
Alternator	17 Amp
Trim System	Manual, Gas Assist, PT
Dry Weight	133 lbs 60kg
